## CAPABILITY ENHANCEMENT AND DEVELOPMENT SCHEMES

Enlightening the academic skills of the students the college involves them to actively participate in various club activities. Also these activities create awareness and identify the inner talents of the students and make them successful.

### Guidance for competitive examination

In guiding students for competitive examination, Gate coaching classes are conducted from the academic year 2016-2017 for the II year and III year students. Gate subjects are discussed by our faculty members based on their expertise field and also previous year gate questions are solved and discussed.

### Career Counseling

The goal of Career Counseling is to not only to help you make the decisions you need to make now, but to give you the knowledge and skills you need to make for future career and life decisions. During the counseling hours, our faculty member helps them to

- Focus on career and educational choices, which will help them to sort out, organize, and make sense of their thoughts and feelings.
- Identify the factors influencing their career development, and help them to assess their interests, abilities, and values.
- Locate resources and sources of career information. Soft skill development Students of CBIT undergo soft skills training programs to build self-confidence & adaptability and shape behavior and attitude.

The soft skill training helped the students to overcome the fear of facing public speaking and it also enhanced their communication and leadership skills through group discussion and role play. This kind of training would give them better placement opportunities and also help them to grow in their career much easier. The Training and Placement cell organizes communication skill development program for First years and soft skills training program for Second and Third year Students. For final year Students, Sessions on Resume Preparation, Session on Employability Skills, Group Discussions, Mock GD and Mock Interviews are conducted periodically. SMART Training Resources, Chennai, Focus Academy of Career Enhancement, Coimbatore, Ethunus, Bangalore are the training organizations engaged in training our students. This would help them to improve skills like organizational skills, effective leadership skills, change management, presentation abilities, communication skills, team management skills, problem solving strategies and problem solving using critical thinking and creativity.
