

CBIT ensures the following objectives and attainment of goals effective manner.

**OBJECTIVES:**

1. To provide quality education to the students.
2. To promote research and development among staff and students.
3. To insist the staff and students to do holistic work.
4. To encourage their innovative ideas and project.
5. To provide appropriate value addition programmes, inter-national certification programmes .

**GOALS:**

1. To provide proficiency in communication skills.
2. To empower staff and the students to maintain discipline among students.
3. To maintain regularity and punctuality.
4. To promote academic excellence.
5. To develop suitable placement or higher education or entrepreneurship.
6. To enhance depth in subject and General Knowledge.

The College log book records the Vision, Mission, PO,PEO,PSO ,CO,etc in the first few pages.

The log book is issued to the entire faculty at the beginning of each academic year.

Within the college campus, the statements are displayed on boards placed at prominent locations. The freshers are introduced to the Vision, Mission, Objectives and Goals during the bridge course and orientation program.

Efforts are made to ensure that the curriculum is implemented skillfully and innovatively. This includes a wide variety of things such as recruiting qualified faculty, work culture, institutional vision, and review through departmental meetings.

Students are participated in poster and research paper presentation competitions organized by other institute/professional bodies.

Organized state/national level seminar and guest lectures providing platform for students to interact with academic/industry experts.

**Policies:** To achieve the prime goal, the institution has framed effective policy measures based on its resources and infrastructures. The College council is the permanent body registered under the Societies Registration Act and is entitled with powers to frame policies. The Principal will be the academic head and will be assisted by the staff council members in ensuring a smooth academic functioning. Besides the administrative policies, it deploys a clear code of conduct to ensure honesty and transparency in functioning of the institution.

**Infrastructure and Resources:** The college employs qualified and resourceful faculty in their major fields of specialisation, along with multidisciplinary exposure. The institute fosters an ambient classroom environment for all the students which include ICT and laboratory facilities wherever necessary. The College has a well-equipped library which can be accessed for physical collection of learning materials. Adequate facilities for sports, games, yoga and cultural activities have been furnished in the campus. These facilities encompass an exclusive fitness center.

**Implementation:**

A strict, disciplined and ragging-free environment is assured for the students so that they feel more secured and comfortable while learning.

CBIT have well equipped classrooms and laboratories to cater for the academic needs of the students. CBIT Conducts Aptitude Programs, workshop, seminars etc. These programs are support students to enhance:

- To enhance the programming skills of students
- To train the students in time- bound answering of aptitude tests
- To help students excel in language and communication skills
- To prepare the students for different levels of selection process such as group discussions and one-to- one interviews
- To help boost the students' confidence level through soft skills training
- To inculcate the importance of projecting a smart appearance
- To groom the students to the corporate level
- To ensure that all eligible students are employed by the end of the final year of study.

Technical seminars and Mini-Projects have been introduced in every semester to instill analytical thinking, innovative attitude and creativity.

Value added courses have been augmented to lend support to the knowledge acquirement.

Slow learners' capacity is boosted by coaching and improvement classes and effective mentoring by the mentors.

The natural outcome of such an augmentation in the teaching –learning process is reflected in the progression of the students towards higher studies and Placement. Training for campus recruitment has been intensified and the training begins from the first year of entry when the students are exposed to time – bound answering general and mathematics aptitude questions.

The second year sets the pace for language and communication skills development and from the third year onwards focused training for Group discussion, mock interviews and facing technical aptitude tests. The college is therefore continuously geared towards multifaceted approach for overall development of the students and staff members.

One of the main objectives of the college being promotion of research among staff and students, the institution extends all support for innovative and creative activities. Students and faculty members have been actively involved in funded projects and products of these projects have the potential for real time applications. In addition, the institute introduced the following the innovative systems for developing the positive impact on the functioning of the college.

- Organized workshop, guest lecture, industrial visit, etc. for identified curricular gap subjects
- Institution objectives are achieved through effective planning of teaching and laboratory sessions and through various kinds of other assessments.
- The outcomes of the curriculum are reviewed. If any deviation occurs from the objective, remedial action plan and strategies are devised to bridge the gap
- Value added courses are conducted for all the final year students apart from their syllabus. In order to realize the Vision and achieve the Mission of the college, the college has to take many extra miles in the academic road. Hence designing and offering courses to bridge the gap between the University prescribed syllabus and the knowledge level required, certificate courses and skill development courses are offered to the students to boost their level of employability and research capabilities.
- Communication and soft skills programmes (which are beyond the prescribed curriculum) are conducted and have improved the employability of our students. These training classes are being conducted within the regular college working hours. The communication and soft skills development programmes are organized in the campus in order to improve the interpersonal skills of the students.

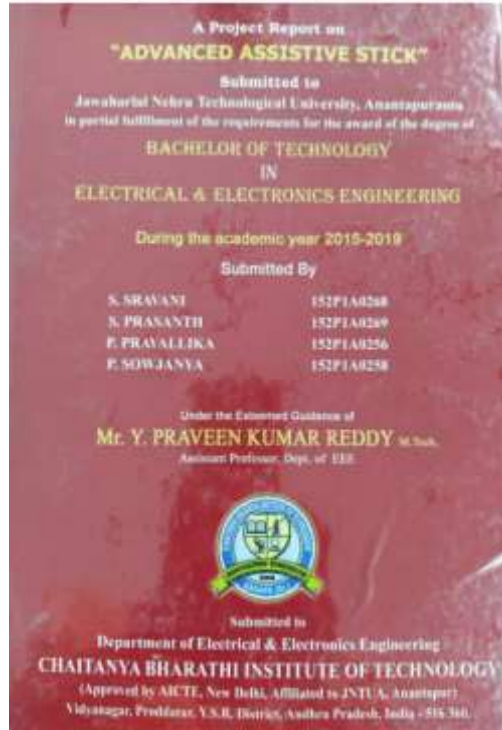

A course on Entrepreneurship is also offered. Students are graded on outlook and academic performance. The Placement cell also categorizes students on their career goals. Those who opt to take jobs after their graduation are given necessary assistance. Others can opt for higher education or entrepreneurship. Undecided students are counseled to select their next career step.

## Workshop Attended by students

 SERIAL NO: EDULOC272  

TO WHOMSOEVER IT MAY CONCERN

This is to certify that **CHAPPARAPU RAMYA**, student of Chaitanya Bharathi Institute of Technology, Proddatur from the Department of **Computer Science engineering**, has successfully completed a Two Day Hands-on workshop (Fundamentals) on Augmented Reality and Virtual Reality conducted by Eduridge, in association with APSSDC from the 27th - 28th of January, 2020.

We found him/her exuberant, passionate and result oriented. This hands-on program provided a detailed understanding of Augmented Reality and Virtual Reality technology using Unity 3D Software.

Our best wishes to a great career and future endeavours ahead.

## Online Quiz – Conducted by CBIT

The screenshot shows a Google Forms interface for a quiz titled "CBIT- PRODDATUR-E-QUIZ-2020". The form is titled "Section 1 of 2" and includes a header with the quiz name and a progress indicator showing "Questions" and "Responses 1,306". The form contains an email address field with a validation message "Valid email address" and a note: "This form is collecting email addresses. [Change settings](#)". Below this, there is a multiple-choice question: "Which of the following is not storage class specifiers in C?". The options are radio buttons for "auto", "register", "static", and "int". The question is partially obscured by a redacted area. Below the question, there is another question: "What the output of the following code".

Dear Sir,

Greetings from FACE!!

⌚ Apropos the fruitful discussion that you had with Mr. Avanish, we at FACE, take this opportunity to express our gratitude on providing this opportunity to work with your esteemed institution to offer the following training program.

### Program Details

- Name of the Program - CTS CSAC
- Duration - 19 hrs
- Number of batches - 1
- Program dates - 12th, 13th, 14th October, 2015

If there are any discrepancies in the details shared above, please inform us through mail or phone (09786049555) at your earliest convenience.

### Trainer Details & Travel Plan

⌚ Mr. Aravind - 9600124384, he will be reaching the **Yerraguntla Junction** by around **5:30 PM on 11th Oct, 2015**. From Junction to hotel we would require a cab details.

Requesting you to share the cab details & contact person of the same.

### Requisites for the training program

- Name list of the students for 1 batches

Department of Computer Science and Engineering  
Certificate Course on Fundamentals of Python

**01.06.2019**

To  
The Principal,  
Chaitanya Bharathi Institute of Technology,  
Proddatur.

From  
Course Coordinator,  
Department of CSE,  
Chaitanya Bharathi Institute of Technology,  
Proddatur.

Respected sir,

Sub: Requesting permission to conduct Certificate course on 'Fundamentals of Python' - Final year Computer Science and Engineering - During Semester Holidays – reg.

In the concept of knowledge enrichment of the students in department of CSE as per HOD instruction to decide conducts 15 days certification course on Wednesday 05.06.2019 to Saturday 22.06.2019.

The basic purpose of conducting this certification programme is to provide working knowledge by using Python Programming. Students enrolled in this certificate program learn the concepts of Python, as well as how to effectively apply this in the practical applications. This certificate programme validates our student's skills and knowledge and accelerates their professional development.

Hereby we request you to kindly give permission to conduct this certification programme during semester holidays. Your kind approval is requested in this regard.

Thanking You

  
Yours Faith fully,

Course coordinator
