**CRITERION I – CURRICULAR ASPECTS**

**1.1 – Curriculum Planning and Implementation**

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

**Response:** The institution ensures effective curriculum delivery through systematic action plans, JNTU academic calendar, CBIT policies and documented process. The University almost ensures that the curriculum framed will meet the Industry expectations at that time. Faculty members are encouraged to impart the curriculum through innovative teaching methods such as video animations, simulations, assignments, discussions, augmentation courses, workshops, industrial visits. Process for effective curriculum delivery: The College has strategized ways and means to strengthen the teaching-learning process in the following ways: 1. Formulation of objective driven teaching plan at the beginning of the semester 2. Preparation of adequate learning materials (resources) Updated library facilities with e-journals Maintenance of course files by all faculty members which contains course plan, notes of lesson, question bank and performance details of the students. 3. Adopting new and innovative teaching techniques, in addition to the traditional lecture methods to get the students actively involved in the teaching learning processes. 4. The students are allowed to discuss, deliberate and innovate upon the ideas within themselves and also with the staff members. 5. Organizing suitable invited guest lectures by industry personnel and industrial visits to improve the effectiveness of implementation of the curriculum. 6. Entrusting the teaching faculty with the task of mentoring 20 students on academic and personal issues, thereby strengthening the bond between teachers and students, leading to a better learning atmosphere. 7. The Head of the department and the Principal do a periodical review of the portions covered by the staff members and also the student's attendance. 8. Faculty members also refer to the previous JNTU, CBIT MID exam question papers and results of respective subjects to understand the performances of previous students. They also discuss with previous assigned faculty to get an idea about the focus of the subject.

### 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

In order to resolve day to day academic problems of the students, mentors are appointed for a batch of 15 students, and they will counsel the respective students once in a month and whenever necessary, to solve the problems come across during their programme of study. This is a continuous process till the end of academic career of the student. For pre-final year students, career orientation programmes will be arranged. Reasonable numbers of students have secured admissions for their higher studies and they in turn guide their juniors for their prospective admissions Goal: ? To monitor the students regularity discipline ? To enable the parents to know about the performance regularity of their wards. ? Improvement of teacher-student relationship ? Counselling students for solving their problems and provide confidence to improve their quality of life. ? Guiding students to choose right career path for job, higher studies, Entrepreneurship, etc. ? Creation of a better environment in college, where students can approach teachers for both educational and personal guidance. ? Enhancement of knowledge base for both teachers and students alike, due to effective two-way communication. ? Awareness and support to students for GATE, GRE, CAT, ISRO, SAIL, NAL, HAL, NTPC, BSNL, DRDO, BARC, and other Govt. PSUs examinations. ? ? Motivation for higher studies and entrepreneurship. ? Advice and support for improvement in academic performance. Ongoing process: ? Regular meetings are held between mentor and mentee once in a month. ? A separate sheet is maintained for each student. ? Students are allowed to approach the mentor for both academic personal problems. ? Personalized professional /career advice is given to the mentee. The Practice : ? Every section has two mentors and each mentor will get 15 students. ? The Mentors prepare the monthly attendance of every student for each section and send the information to the parents of defaulters through proper channel. ? If a student is absent for more than ten days continuously then HOD calls the parents of a student, enquires the reason and advises them to take care of their ward. ? Even after informing student's parents, HOD forwards the details of a student to the Principal for further action. Outcomes of the system : ? The attendance percentage of the students has increased to a greater extent. ? The number of detainment of students has decreased consistently. ? In course of direct communication between mentor and the student there was a good improvement in the teacher-student relationship. The above effected in attaining a better academic performance.

Maintenance of Equipment Computing Facilities: The institute has dedicated staffs they overlook the maintenance upkeep of equipment computing facilities of the institution. All the standalone and dedicated computers and network systems connecting these computers are taken care of by the respective departments, system department and technical assistants. All the electrical and electronics equipment deployed in different positions in institute are looked after by the team of electrical maintenance staff consisting of electricians and engineers. Routine computer maintenance, software installations, networking are handled by respective Department. Anti-virus software is purchased and is renewed annually for the smooth working of all the computers in the institute. Classrooms 1. Each class room is designed maintained as per AICTE norms with respect to carpet area, lighting, ventilation furniture to have a conducive ambiance. 2. All the classrooms are provided with LCD projectors and campus wide Wi-Fi facility. 3. Institution has two spacious seminar halls and an auditorium with state-of-the-art facilities. 4. The Imparts lecture capture solution facilitates record of every lecture

delivered by the faculty which can be viewed by the students any number of times at a later time. This helps slow learners to understand the difficult concepts at their own pace. This also facilitates introduction of flipped classroom teaching where there is only learning in the class room with little teaching. Laboratories 1. Each lab/workshop with appropriate layout is designed maintained as per AICTE norms with respect to carpet area, lighting, ventilation furniture to have a conducive ambiance practical exposure. 2. Laboratories are well equipped with adequate number of experimental set-ups, computers peripherals. Qualified lab instructor/Mechanic is allotted for all the lab batches for its smooth functioning. 3. Special care is taken to ensure that the students conduct all the experiments as per the University syllabus. A few experiments beyond the curriculum are also conducted.

## CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

### 6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

**VISION:** To impart futuristic Technical Education, advance knowledge, research and instill high pattern of discipline that will best serve the nation and the world in the contemporary century. **MISSION:** Committed in creating and disseminating knowledge, to the students hailing from both, rural and urban areas of Andhra Pradesh and from other parts of India. Endeavors to develop in each student, the ability and passion to work creatively with relevance to real-world problems. Provides world-class, quality education and gives importance for discipline, ethics and character building. Institute is established with an aim of providing quality higher education at par with international standards. The members of the society comprising of experienced persons from the field of education, engineering , medicine, business etc who have proven track records by the establishment of different engineering colleges in Andhra Pradesh.

**Nature of Governance:** The institution is recognized by All India Council for Technical Education, approved by Government of Andhra Pradesh affiliated to JNTUA . The Governance of the institution is strictly in accordance with the Vision and Mission. The system is effectively decentralized for a better governance and performance. The major decisions which have a bearing on the function and the goal of the college are done by the Governing Council which includes the Chairman of the institution. The staff council of the college headed by the Principal, Vice Principal, and all the HOD as members ensures the proper implementation of the decisions and directions given. The Management gives sufficient freedom to the Principal, who is the academic head of the institution to function in order to fulfil the vision and mission of the institution. HOD is delegated with department level authority. The responsibilities are communicated to the faculty members through regular staff meetings. The office administration of the College is headed by the AO . The Institute has a perspective plan for development. It is developed by Principal with the help of HOD's of various departments under the guidance of Governing Council. Based on the academic schedule given by the affiliating university, academic calendar is prepared. The academic calendar includes the list of pre-planned programs of various departments and examination schedules prepared with the knowledge of HOD's. To ensure development of the Institute, all the planning and execution is monitored regularly. The perspective plan helps to Streamline various processes like evaluating methodologies of the teaching-learning process, research progress, infrastructure facilities etc. Thus, decentralization helps in effective and quality transformation of education to the students. The participative culture helps to ensure transparency in both academic and administration. The object of participative management and decentralization is evident from the various programs organized in the college

6.1.2 – Does the institution have a Management Information System (MIS)?

Partial

## 6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
<p style="text-align: center;">Teaching and Learning</p>	<p>? Teaching and Learning • College arranges several of experiential and participative learning activities to broaden the scope of education imparted to the valuable students. Considering student as an important stakeholder of the Institute, various activities are conducted by the Institute during the semester • In addition to traditional teaching-learning methodologies, the Faculty members adopt group discussions, relevant videos, seminars, mini projects, case studies, PPTs, real time examples, simulations, quizzes, depending on the course that create the best student centric learning environment. • Lab sessions help in experimental learning and permit the students to widen their knowledge and skills. Experiential learning is ensured through individual or group projects. • Standard and probable Viva questions for all the experiments are prepared and maintained in the course file • Faculty members apply teaching methods such as group discussions, seminars/ student presentation for better understanding of concepts/ technologies Tutorial classes are conducted which supplement regular teaching learning process. • Multimedia teaching like PPTs are incorporated in the day-to-day teaching learning process that enhances the students' understanding of the subject. Competitive and Team Spirits are developed through group discussions, debates and panel discussions. • Lectures by experts are organized by the respective departments, to provide knowledge beyond the prescribed syllabus. Students are encouraged to organize and to participate in Inter-collegiate events, project. • Industrial visits and value added courses are arranged to give hands-on experience to the students. Our campus is enabled with Wi-Fi facility that allows students to access technical resources. • In addition to academics, to be a socially responsible citizen, our college encourages the students to participate in NSS activities with equal enthusiasm to develop their</p>

overall personality. • The college has a central library well equipped with books e-books, technical magazines, journals e-journals. • Easy access is made available for students to some of key books providing them in departmental library.

Examination and Evaluation

? Examination and Evaluation • The institution continuously monitors the changes that are happening at the university level and makes appropriate effective changes in the internal evaluation system as demonstrated below with each scheme change for UG programs and the same procedure is adopted for PG programs. All the changes are informed to the students through interactions circulars with utmost transparency. • University guidelines are strictly adhered to with respect to evaluation process. There are two (MID I and MID II) internal tests conducted. The schedules of internal assessments are communicated to students and faculty in the beginning of the semester through institute academic calendar which is prepared based on the university academic calendar. Before a week internal exam time table is displayed on the notice board. • Questions are framed, such that they adhere to JNTUA standard. It follows the Blooms Taxonomy and Outcome based Education in which COs are attained. • There are 5 Course Outcomes (COs) for each subject. The first internal test question paper is prepared in which it covers two COs, second internal test covers another three COs. • The subject handling faculty prepares question bank that covers equal number of questions from each unit, covering all the topics Department internal exam coordinator under the guidance of HOD, checks for the standard of the question bank. • College Internal exam Coordinator along with a Exam team selects the final internal questions for each subject from the question bank • Question papers are given to the internal exam coordinators of the department on the day of test, after approval from the Principal. Internal exam coordinator ensures smooth conduction of test and proper valuation of internal books. • After the evaluation, Course Outcome attainment is calculated. Based on the attainment, GAP is found and corrective

actions are taken. • Whenever class tests, internal assessment tests are conducted the results of the students performance are used by the faculty to identify slow and advanced learners.

Research and Development

? With a vision to nurture new ventures in the ever developing areas of Electrical, Electronics and Communication, Computer Science, Civil and mechanical Engineering, we at CBIT have started an Incubation Centre. Focusing on providing support to the many companies (start-ups and/or well established), the centre mainly aims at fostering innovative research and entrepreneurial activities in the above mentioned technological and engineering based areas. Providing a suitable platform for enthusiastic entrepreneurs, the centre helps convert their inventive ideas into high quality student projects. ? The Institution has well-equipped laboratories to cater to the needs of students to nurture them towards research. The Institute has established Research and Development, (RD) Cell for monitoring research activities. RD Cell encourages faculty members to submit research proposals to various Governmental and non-Governmental sponsored projects. A Training and Placement Cell of the Institute with a dedicated team focus on bridging the gap between the industry and academia. ? The programs under this incubation centre are mainly divided into three categories: ? Mentoring ? The mentoring cell supports and encourages the students to maximize their learning potential. They are individually motivated to develop their personal skills. ? Entrepreneurial Promotion /Awareness Programs ? This set up introduces young budding dreamers to entrepreneurship. Enhancing their creativity, innovation and self-confidence, the endeavours they undertake are encouraged. ? Technical Training ? Technical training includes technology applications, products, sales, service tactics and more. These technical skills are very job-specific and are transferable unlike soft skills. As a result, students become independent and eligible for formal funding support. ? IEEE Chapter: IEEE is the world's largest professional association dedicated to advancement of

technological innovation for the benefit of humanity. IEEE and its members inspire a global community through its highly cited publications, conferences, technology standards, and professional and educational activities. ? Creation and transfer of knowledge wealth is focused through activities like, publications of research papers, Industrial project work, innovation, consultancy and development activities Financial assistance is given to faculties and students for research publications.

Library, ICT and Physical  
Infrastructure / Instrumentation

? Provision of adequate infrastructural facilities for teaching and learning has always been a priority area for the Institute. The Institute abides by the norms provided by AICTE and Jawaharlal Nehru Technological University, Anantapur (JNTUA) to provide and enhance the infrastructure required to facilitate effective teaching and learning. The Institute has a total land area which is constructed with robust structures for various academic purposes. ? Classrooms ? Each class room is designed maintained as per AICTE norms with respect to carpet area, lighting, ventilation furniture to have a conducive ambiance. ? All the classrooms are provided with LCD projectors and campus wide Wi-Fi facility. ? Institution has Two spacious seminar halls and an auditorium with state-of-the-art facilities. ? The Imparts lecture capture solution facilitates record of every lecture delivered by the faculty which can be viewed by the students any number of times at a later time. This helps slow learners to understand the difficult concepts at their own pace. This also facilitates introduction of flipped classroom teaching where there is only learning in the class room with little teaching. ? Laboratories ? Each lab/workshop with appropriate layout is designed maintained as per AICTE norms with respect to carpet area, lighting, ventilation furniture to have a conducive ambiance practical exposure. ? Laboratories are well equipped with adequate number of experimental set-ups, computers peripherals. Qualified lab instructor/Mechanic is allotted for all the lab batches for its smooth

functioning. ? Special care is taken to ensure that the students conduct all the experiments as per the University syllabus. A few experiments beyond the curriculum are also conducted. ? CBIT library holds the rich collection of more than -----text books as well as reference books in the domain of engineering, science etc. The library has subscribed to various print journals and E-resources. ? CBIT Central Library also offers various types of information services to its users through the use of group e-mails and social media for instant outreach to the end users. The Institute campus is Wi-Fi enabled and has high speed internet connectivity. The IT infrastructure is augmented frequently and is well maintained by technical staff. Adequate Human resources are appointed exclusively for maintenance and upkeep of campus infrastructure.

**Human Resource Management**

The Institute adheres to well defined Human Resource Management policies and procedures. The Institute adopts policies for recruitment, retention and promotions based on the rules and regulations of the regulatory authorities, prevailing norms and merit amongst the available candidates for the positions. The Institute is always concerned about the quality of teaching learning and academic improvement. The Institute is always interested in grooming the human resource for adoption and enhancement in ICT based teaching learning practices and up skilling of the individuals. The Institute is supportive of welfare and well being of the individuals and adopts policies and measures for human resource development. The Institute believes in adopting various quality improvement strategies at various level. HR Manual is being prepared for the entire campus.

**Industry Interaction / Collaboration**

OBJECTIVES: 1. To evolve industry co-created curriculum 2. To enhance industrial consultancy and testing 3. To increase the number of patents filed and incubations. 4. To increase internship and placement in domain companies  
 DEVELOPMENT OF ACTION PLAN  
 1. Interaction between Faculty and Industrial personnel  
 2. Internal, discussions with suppliers to meet

	<p>industrial needs</p> <p>3. Understanding the procedure for patenting and incubation</p> <p>4. Discussion with Alumni, industry and faculty</p> <p>5. Discussion between industry Industry Interaction cell, Placement officer, faculty, alumni and students.</p>
Admission of Students	<p>Admission process is carried out by Andhra Pradesh government Centralised Online Admission System as per policies of the Government for all the Institutes in Andhra Pradesh. The Institute level Quota Admissions are carried out by Management at Institute level as per Merit in the qualifying examination. Admissions are carried out for the registered candidates as per the merit in qualifying examinations at State and National level and their choices about the Institute given to the Online portal. The Institute is choice of Meritorious students in the vicinity as well as at State and National level.</p>

### 6.4 – Financial Management and Resource Mobilization

#### 6.4.1 – Institution conducts internal and external financial audits regularly (with in 100 words each)

The institute has an effective mechanism for internal external financial audits. 1. Internal Audit 1. Principal informs all the HODs before March of every financial year to submit budget requirements for the next financial year under specified head of accounts. 2. Principal reviews the previous year budget actual expenses requirements of all the departments in consultation with management, accounts officer and concerned HODs (if required) and prepares a consolidated college budget. 3. The consolidated budget is submitted to the Management for review and suggestions. 4. The fine-tuned budget for the next financial year is placed before the Board of Directors for discussion, and approval. 5. Principal in consultation with the management reviews the financial status periodically to ensure that the expenses are within the budget allocated and also the amount is utilized within the end of the financial year for the purpose it is allocated. 2. External Audit: Audited financial statements include income and expenditure account, balance sheet prepared by qualified auditors and submitted to banks and other regulatory agencies. Statuary auditing is done at the end of each financial year. In case of checking entries internally on /off chance that any weaknesses found / recognized would be rectified at the same time by the concerned office staff. The report would be put together by inward reviewers and to the higher authorities if there anything is assumed after the amendments. The outside statutory examiners will visit the institution office twice in a year after overseeing Body for endorsement and also for vouching review and presenting the last review report.

1. First Year Meetings: PTA arranged a function to welcome the first year students and their parents on the day of commencement of the first year classes. A well arranged meeting was conducted after Mid -I exams. 2. Counseling for students: Department of Computer Science Engineering conducted a Counseling Session for their wards with the assistance of P.T.A. 3. Merit Evening: PTA in association convened a merit evening program to honor meritorious students of our college. Cash awards were distributed to the students.

6.5.3 – Development programmes for support staff (at least three)

1. Personality Development Programme were conducted on 28.08.2018. All the teaching faculty were participated. 2. Industry interaction program were conducted on 17.03.2018 to develop the institute industry interaction

6.5.4 – Post Accreditation initiative(s) (mention at least three)

Response: The institution follows Outcome Based Education strictly. Every student’s individual performance is assessed and teachers are advised to prepare their teaching plans according to the standards and knowledge of the students by the committees that are formed to fulfil this academic aspect. Students are guided by both the teachers and mentors. Entrepreneurship Development Cell accomplishes relationship between the industry and the institution. It is aimed to interact with all the departments individually to intuit its needs to fill the gap in curriculum. It is executed through conduction of workshops addressed by prominent persons in the industry. It also includes industrial and site visits for students and faculty. Students are constantly guided by the faculty in view of understanding functional challenges through applied research or projects. Some of the students’ projects are under taken as case studies in few industries. Training Placement: A dedicated training placement department has seen tremendous growth with respect to the number of effective training programs conducted and corresponding placements in leading companies.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

Solid waste management We categorize the solid waste: Degradable (Dust, Leaves, twigs, Paper etc.), Non-degradable (Plastic, glass, bottles, food wrappers etc.) The institution takes all the measures that are required to ensure the campus is free of plastic items and other waste that cause damage to the environment. Dustbins are available on the campus, in all departments and in the classrooms. Emptying of the dustbins is being done on a regular basis at 9am to 10am and 4pm everyday by the cleaning team. Segregation of wastage from the dustbins is done in other strategic locations, thus keeping the campus clean and green. The college has rainwater harvesting facility with rain water storage tanks around the building. This structure recharges the groundwater not only for the institution but also in the surrounded areas too. Drain pits are used to sink the water and recharge the groundwater table.

**7.2 – Best Practices**

7.2.1 – Describe at least two institutional best practices

Describe at least two institutional best practices Response: There are many best practices in the Institute that are implemented successfully, continuously improved over the years in the last five years. The two important best

practices are Career Guidance Training and Parents Students Teachers Meeting.

**Career Guidance Training:** CBIT offers career guidance on all aspects of career planning, job searching and post-graduate studies for students to help them choose the right career path based on their interests. The Institute works towards enhancing the institutional culture to better serve the needs of an ever-changing and dynamic learning community. The main objective of career guidance is to help students in following aspects.

1. Broad exploration of various career options
2. Pursuing post graduate studies
3. Promote entrepreneurship
4. Encouragement for civil services

These goals are achieved through the following activities of Training and Placement Department.

1. Career Guidance training programs are conducted for students to help them explore various career options
2. Alumni are invited to address students and to guide them through the career options, provide industry insights and to impart knowledge on the current trends and latest technologies
3. Students are trained on communication skills, soft skills, personality development, aptitude skills and technical skills in order to make them confident to face the challenges of the future
4. Resource persons from industries are invited to deliver technical talks and to create awareness about the opportunities in various sectors
5. Students are encouraged to participate in technical contests, carry out project work, undergo internships and also organize various activities to enhance their knowledge through experience
6. Seminars highlighting the importance of higher education and best universities for admission are conducted.
7. Awareness program on civil service is conducted to encourage students to prepare for civil service exams.

**Parents Students Teachers Meeting:**

1. CBIT arranged Parents - teachers meeting in every semester to maintain smooth relation between management and parent sides.
2. Intimate immediate manner student activity in class room, examination results and attendance regularity to parents this helps to improvement of student mentally in home itself.

### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

**Response:** The distinctive performance of the Institute which is aligned with the vision is the teaching-learning process as the Institute would like to see itself a leading institution in engineering and management education as enumerated in the Vision statement. The salient features of teaching-learning process which is considered a priority and thrust area are described below:

1. The Institute is well known in the region for best practices in teaching-learning. It prepares its own Academic Calendar well in advance before the start of the semester, considering Govt./University holidays. It includes specific dates for conduction of three theory Internal Assessments, lab , co-curricular extra-curricular activities, student counselling, and schedule for unit-wise completion of syllabus, Students Performance Analysis meetings and Continuous Assessment Meetings
2. Subjects are allotted to the faculty members for the forthcoming semester immediately after the end of the previous semester looking into the faculty specialization, experience and workload.
3. It is ensured that the minimum contact hours for theory laboratory as per university scheme is maintained in spite of unforeseen unscheduled holidays.
4. Faculty members who are new to teaching undergo training on pedagogical methods of teaching in addition to in-house Faculty Development Programs. Faculty members are trained to effectively to utilize the lecture duration of 50 minutes.
5. In addition to traditional teaching-learning methodologies, the Faculty members

adopt group discussions, relevant videos, seminars, mini projects, case studies, PPTs, real time examples, simulations, Quizzes, depending on the course and the situation create the best learning environment for the students to make them think critically. 6. Difficult subjects are identified based on previous results for which tutorial classes are conducted. An innovative teaching-learning club is initiated in the college to facilitate to explore creative teaching-learning techniques. 7. Each class room is designed maintained as per AICTE norms with respect to carpet area, lighting, ventilation, LCD projectors, furniture to have a conducive ambiance. There are six seminar halls and an auditorium with state-of-the-art facilities. 8. The Imparts lecture capture solution facilitates record of every lecture delivered by the faculty which can be viewed by the students any number of times at a later time. This helps slow learners to understand the difficult concepts at their own pace. A flipped classroom concept is being introduced from the current academic year. 9. Adequate facilities are available to cater to the needs of physically challenged people in line with the recommendation of the AICTE/UGC norms. 10. An excellent library, digital library and laptop borrowing facility are made available. 11. An internet connectivity of bandwidth 50 Mbps to provide Wi-Fi facility all over the campus. 12. Career Guidance training programs are conducted for students to help them explore various career options.

### **8. Future Plans of Actions for Next Academic Year**

- To develop real time projects satisfying societal needs and promoting quality life for every class of human beings in cost effective way.
- To create Employability of weak and slow learners.
- To Support Programme specific and Interdisciplinary Consultancy work by Faculty.
- In future to get Research grants from National Funding Agencies.
- To adopt Innovative pedagogies are adopted for practicing OBE in all disciplines of Engineering.
- To create Opportunity to start up Industry relevant courses such as Internet of Things (IoT) and Mechatronics to accommodate Interdisciplinary approach.
- To Promote the students and faculty for participation in Co-Curricular and Extra-Curricular Activities at national Level.
